

Camaro Fest XIII – Drag Racing
Beech Bend Raceway Park, Bowling Green, KY
Friday & Saturday, August 2nd, 3rd, 2024

Camaro Fest Drag Racing is open to all cars; however, award competition is reserved for Camaros. Format is Index racing so any Camaro model or year can compete equally against each other. (Example: If your car normally runs a 13.5 ¼ mile time you would want to enter the 13.0 index class).

“Fun Runs” or “Test & Tune” will be available throughout the day! If you don't wish to formally compete that's perfectly fine; we'll get you on track with MUCH shorter lines than usual!

Note: Friday AM (9a – 1p) the Supercar Reunion classic cars will have priority in the staging lanes. Please identify and avoid the reserved staging lane for these racers.
